Design: Walter Knoll Team.

Join the club

Midcentury meets new living. Comfortable and free. Harmonious and airy. Soft and light. The 375 Barstool for high tables in a bar or office or at the kitchen bench. At first, a subtle invitation to join the party and then – thanks to the shape and the upholstery – a more pressing one: to stay. A barstool, as versatile and communicative as our modern life. So its occupant enjoys the ultimate spatial freedom.

The 375 Barstool is the most recent addition to the iconic 375 family from Walter Knoll. Great seating comfort with minimal volume. Over a quick espresso, in the morning meeting, a spontaneous tête-à-tête or over a cocktail.

The design story

“We wanted to develop a classic barstool which would offer great seating comfort but nevertheless look light, even transparent in a room.”

Jürgen Röhm, Head of Research and Development at Walter Knoll

The iconic 375 series from Walter Knoll was to be extended with a barstool that would combine the comfort of the mid-century classic with modern, diverse use. A stool with the typical 375 upholstery but a simple design and offering versatile use.

The 375 Barstool with a backrest was developed for relaxed seating at a counter or bar. The current barstool, freed of a backrest, enables countless new uses. From deliberately casual and open to a strict sense of etiquette. The seat underlines the harmonious shape of the 375 family: clear lines and the elegance of the 1950s.
